

Faculty of Civil Engineering CUT courses in English for Erasmus students available in the fall semester 2018/2019

Courses available for both bachelor's and master's degree students

Name	Obligatory	ECTS
Computer Graphics for Engineers	No	2
Ecology	No	2
Technology of Concrete	No	3
Timber Structures	No	2
Concrete Structures - part I	No	4
Metal Structures - part I	No	4
Energy-efficient Building Systems	No	2
Economics and Project Management	No	3
Company Management	No	4
Introduction to Transportation Planning	No	3
Road Design - part I	No	3
Rail Roads	No	2

Additionally every student can take the Polish Language course (60 hours 5 ECTS)

Additional courses available ONLY for master's degree students

Name	Obligatory	ECTS
Computer Graphics for Engineers	No	2
Ecology	No	2
Technology of Concrete	No	3
Timber Structures	No	2
Concrete Structures - part I	No	4
Metal Structures - part I	No	4
Energy-efficient Building Systems	No	2
Economics and Project Management	No	3
Company Management	No	4
Introduction to Transportation Planning	No	3
Road Design - part I	No	3
Rail Roads	No	2
Applications of Computer Science to Building Structures	No	2
Structural Mechanics III (Dynamics of Structures)	No	3
Fundamentals of Design and Reliability II	No	2
Principles of Low Energy Building	No	2
Special Concrete Structures	No	2
Prestressed and Precast Concrete Structures II - part II	No	3
Special Metal Structures	No	2
Timber Structures II	No	2
Selected Industrial Structures	No	3
Bridges II	No	3
Environment Protection in Civil Engineering	No	2
